# Flexible, reliable and affordable

The SC300 is a new mains / battery operated compact spot check vital signs monitor; this powerful, flexible platform offers healthcare professionals a range of measurements which includes non-invasive blood pressure, pulse oximetry and a wireless temperature option.

Equipped with a 12 hour high capacity battery pack, the SC300 can be used in any low acuity healthcare setting.

Patient status is displayed on the 6" colour coded digital display enabling clinicians to make critical decisions at the point of delivery.

The SC300 is suitable for adult, paediatric and neonatal patients.

Integrated carry handle, mobile stand and IV pole fixing options allows the SC300 to be used in a variety of different healthcare settings.
